YEARS, YOU'VE BEEN INSTRUMENTAL
TO THE SUCCESS OF OUR SALON
ASWELL AS OUR GROWTH. YOU'VE
BEEN THE FAMILY THAT WE OWNER
TO SUSTAIN OUR BUSINESS AND
ALSO REACH FUTURE POTENTIAL
CUSTOMERS. WE LOVE YOU ALL.

Our Story

By George

The George Hair Salon started right after i had resigned from my MSC Boat Cruise job. I Started out as a Rent To Chair Hairstylist under the name George The Stylist. Through working in different salons and observing how they work, i accumulated as much knowledge and experience as i could muster particularly as far as skill is concerned as well as day to day running of the business. It was also at this point where i gathered a solid clientelle basis of my own which gave me confidence to launch my own salon.

Thereafter i launched a full fledged Hair Salon in Midrand where we hired a house and employed about three people. Hence we came up with The George Hair Salon. around 2019 the 1st Of December we moved to Tembisa around one of the busiest spots in the township.

Our Mission & Vision

Mission

To work hard at developing our expertise and our salon through getting better premises & incorporate diverse service in the beauty industry range of.

Vision

To be the best hair Salon in and around Tembisa Being known for excellent hair styles, affordable pricing and the offer best customer experience we can be capable of.

Why The George

Our objectives have always been straightforward; Being the best go to hair salon for people who love to look beautiful and elegant. In our township (Thembisa) people usually go to Midrand or any other upmarket places to get these services. Now that we've established ourselves for the past six years in the township we've introduced our clientele to a high level of excellence as far as hairdo is concerned. By so doing, we have drawn a sound customer base here by offering lesser pricing and a good salon environment. Basically, the George Hair Salon is the go to place for people who need

Giving Back

We understand the value of giving back to the community hence why we are launching The George Foundation. This is an NPO that seeks to develop people's skills, young and old to empower them through our skills development program. We seek to raise money through fundraisings, seeking donations and all sorts of financial seeking means.

We have informally hosted KIDDIES OUTINGS where we basically hosted kids events that included Bungee jumping, water slides, preparing for them meals and playing various educational games. Through this initiative, we have realized that there is more we can do for our community such as imparting them with skills like Singing , DJ'ing, Dancing, Acting, Design & Printing & Hairdressing.

We seek to find the relevant facilitators in all the above mentioned Skill Sets to impart them to the community. Such skills will help people to start their own businesses to help curb the current rise in unemployment.
